About The ICW Showcase Awards

The ICW Showcase Awards recognise clients and site managers who achieve excellent standards of quality on construction projects.

Open to all registered ICW builders and developers, the ICW Awards recognise those projects that are managed and run to exceptional standards.

Each month, ICW surveyors will nominate those projects that are achieving high levels of workmanship and general site management. All nominations are subject to a judging process supported by the regional managers. ICW will then announce the winners of the awards for each 6 month period.

THE CATEGORIES

SMALL

up to 50 units

MEDIUM

51-250 units

LARGE

250 units plus

HIGH RISE

> £20million

NOMINATION SYSTEM

Surveyors to score sites based on surveys and site visits, to cover all of the construction stages.

All nominations to be made via the ICW SmartSurv app.

All award entries to be submitted to regional managers for judging.

THE ICW SHOWCASE AWARDS

HOW IS A SITE SCORED?

Sites will be scored at each site inspection visit carried out by ICW surveyors. Overall score will then be verified by our panel of judges.

Winning sites will then be chosen from the shortlist and the winners announced.
